▸ Emotional resilience

▸ Responsible

▸ Ability to multitask

▸ Accuracy and attentiveness

Profile

Hard-working, dynamic and motivated software engineer. I plan to explore new areas and develop as a Front-end developer. To master the specifics of work, study more technologies for development. I am focused to improve own professional skills and make usable, useful and well-constructed applications and websites.

Education

▸ 2020 / **Computer School Hillel**

 Specialty: Front-End Pro
